"Dimouts" Judged Fine Vaudeville; Last Show Tonight

The distinct atmosphere of the vaudeville of the Gay Nineties returned to Ocean Beach this week with the showing Wednesday and Thursday evening of the "Dimouts of 1947" on the stage of the Point Loma High School auditorium. The third and last showing of this entertainment hit will be tonight at 8:15.

Sponsored by Clyde A. Wright Post No. 433 of the American Legion, the show will provide money for the building fund for the new Legion Hall to be erected at Bacon and Muir streets. Among the talent which helped to make this event a success were such well-known Ocean Beach figures as Fred Edwards, Lucille Iverson, Carol Jean Lawrence, Luella Smith, Carol Oberle and little Patty Murphy.

Mr. Edwards was uproarious as Izzie of the Clothing Store and additional humor was provided by Mrs. Edna Ruud with her "Mazie" impersonation. The slick and competent dancing featured Miss Iverson and five of her students. (Continued on Page 5)

Point Loma High School Senior Tops In Speech Contest

Gordon Thompson Jr., senior at Point Loma high school, won first place Wednesday evening in the finals of the annual American Legion contest. This contest is sponsored each year by the various American Legion posts throughout the country. Gordon represented Clyde A. Wright Legion post of Ocean Beach. His original oration was on "History of the Constitution."

He will represent San Diego county in the district finals to be held Sunday at Corona high school at 2 p. m.

Gordon has been a serious and hard-working student in the Speech Arts department for one and a half years, according to Miss Jeweledean Brodie, and it is a credit to his industry and persistence that his ability as a speaker was recognized in this contest.

Gordon is a son of Judge and Mrs. Gordon Thompson Sr. of 1786 Warrington St. in the Point Loma Heights section of Ocean Beach.

This is the first time that the local high school has won first in this contest, reports Miss Brodie.

Local Housing Authority Suggested For Azure Vista Housing Project

C. OF C. HEARS PROBLEM OF 1500 AZURE VISTANS AT MEETING OF TUESDAY

A local housing authority was suggested here Tuesday evening as likely the best solution of the Azure Vista project in event the Federal Housing administration should declare the 400 housing units surplus. The suggestion was made by Wm. Emerson, a leading resident of the project for the past three years, to the March meeting of the Ocean Beach Chamber of Commerce, held at the Woman's clubhouse. Because of the importance of the project especially to the business houses of Ocean Beach, the major part of the Chamber of Commerce program was given over to a discussion of the problem.

John Arvin, district F. H. A. housing project manager for the southern California area, had been invited to attend and speak

at the meeting. He reported that he had a previous engagement in Imperial valley and therefore could not accept. Arvin, however, stated that he would be glad to appear here as soon as he received an official announcement from Washington on what the F. H. A. decided to do about the housing projects in this area. That announcement, he said, he expected to receive this month. He went on to say that full consideration will be given to the wishes of the residents of these projects.

1500 Residents Fearful

Mr. Emerson, who is a faculty member at Point Loma high school, told the Chamber of Commerce meeting that the 1500 residents of Azure Vista are fearful that the project will be declared war surplus. "If that happens," he said, these 400 families will not know what to do or where to go in view of the acute housing (Continued on Page 2)

Primary Election For City Will Be Held Next Tuesday

MAYOR KNOX HAS TWO CANDIDATES OPPOSING; WINCOTE FOR COUNCIL

Voters of Ocean Beach will go to the polls next Tuesday, March 11, for the municipal primary election. The polls will be open from 7 a. m. to 7 p. m., the usual hours.

Main interest lies in the contest for mayor. Harley Knox, the incumbent, has two candidates in the race against him. Edgar Hastings of Point Loma, a former county supervisor, and Joseph G. Shea, a San Diego real estate broker, also are seeking the job of mayor of San Diego. The two receiving the most votes will oppose each other at the city election in April.

For the city council, only the part of Ocean Beach that lies in councilmanic district No. 2 will vote for councilman. Charles B. Wincote, district No. 2 councilman, is running for re-election and is unopposed. In councilmanic district No. 1, there is no voting for the council since Councilman G. C. Cray holds over.

The voters in Ocean Beach can tell by the ballots they have received which councilmanic district they are living in, also the polling place where they will vote.

Incumbent Jean F. Du Paul is the only candidate on the ballot for city attorney, also Incumbent Eugene Daney Jr. for judge of the municipal court, department No. 2.

School Board Member Opposed
For the school board, Mrs. Mildred Hale, who is now serving on the board, is opposed for re-election by Anton C. Janda.

Four Propositions Up
The voters will have four propositions, all proposed amendments to the city charter, on which to vote at Tuesday's primary. They (Continued on Back Page)

MEET YOUR OCEAN BEACH NEIGHBORS

Marion L. Belt

(Studio of the Cliffs)

The commander of Bert A. Allen Post of the Veterans of Foreign Wars, Marion L. Belt Jr., comes the nearest to being a native Californian of any of the "Meet Your Neighbors" candidates included so far. Although born in Kansas City, Kans., Marion came west with his parents when he was in the sixth grade and has been an Ocean Beach resident ever since.

Marion cut quite a swath in athletic circles at Point Loma High school during his four years

there. He was a four-year letterman in basketball and a two-year letterman in tennis, besides participating in all the other high school sports.

Graduating from Point Loma in the spring of 1942, Marion found himself in Uncle Sam's army less than a year later. Entering the service in February 1943, Marion wound up in the Eighth Air Force, operating out of England. He flew 14 missions as enlisted bombardier and tail gunner with the 457th Bomb Group before his plane was forced down in Sweden. The crew remained in Sweden for several months, being granted freedom of travel in that country. Later they were evacuated back to England and from there to the States in December 1944. Marion received his discharge in May, 1945. His army service entitles him to wear the Air Medal with one Oak Leaf Cluster, and the E. T. O. ribbon with three Battle Stars.

Marion was elected commander of the local V. F. W. post in April, 1946. At present he is working as a plastering contractor. He plans to marry Miss Lorraine Malcolm of Ocean Beach in May this year.

He has been living with his parents, Mr. and Mrs. Marion L. Belt Sr., of 4575 Santa Monica Ave., since his release from the army.

New Building for Art School Given C.P.A. Approval

TWO QUONSET HUTS TO BE USED IN \$10,000 STRUCTURE FOR SCHOOL

Approval was given Tuesday by the Civilian Production Administration for the construction of the proposed new building for the San Diego School of Arts and Crafts in Ocean Beach. Director Orren Loudon, who had applied Friday for the approval received notice Wednesday that his request had been granted.

A site has been obtained for the school on the ocean front between the foot of Pescadero Ave. and the foot of Orchard Ave., a site peculiarly suited to the kind of school Director Loudon is operating. The school is being conducted temporarily in the Silver Spray hotel building at the foot of Narragansett Ave.

The plan calls for the purchase of two quonset huts, each 24 by 60 feet, and joining them together by a patio that will make the structure an overall size of 60 by 72 feet. Asbestos fireproof material also is to be used.

Total cost of the structure is (Continued on Back Page)

WARREN-WALKER SCHOOL PUPILS VISIT CANNERY

The second, fifth and sixth grade pupils of the Warren-Walker school visited the cannery of the Westgate Co. on Tuesday, March 4. Mrs. C. Earl Gustafson whose father established the first tuna fish cannery was sponsor and guide.

Mrs. C. E. Gustafson, Mrs. G. M. Hunt, Mrs. J. H. Manshine, Mrs. W. O. Roenike and Mrs. L. S. Turnbow assisted with the transportation of the pupils.

The Beachcomber

Seen and Heard:

Some comment on "Beachcomber's" non-appearance last week... John Titlow very much alive and well, despite some confusion on the matter... New station wagon of the Warren-Walker school... Fine reports from local critics on the American Legion show, "Dimouts of 1947"... Interesting discourse on rock-cutting from one of the Brother's Keller at their new establishment on the corner of Bacon and Niagara... Increasing distractions from work for "Beachcomber" as the yearly parade to the beach gets under way on downtown streets...

Salute of the Week:

To the hard-working volunteers of the Red Cross drive.

Our One Goal Is To Advertise Bay Area, Says Young

"Our one goal is to advertise the Mission Bay area outside of San Diego county," Steven Young, president of the reorganized Mission Bay Chamber of Commerce emphasized in the main address of the reorganization meeting held at Shalimar club on Pacific highway Thursday evening, Feb. 27. He said there is real need for such advertising since the downtown Chamber of Commerce "has done such an ineffective and money-wasting job of using last year's \$40,000 fund for advertising San Diego. Believe me there is no place like San Diego."

He indicated that the Mission Bay Chamber of Commerce would raise an advertising fund by means of dances, shows, a tourist booklet, etc., making special assessments on the members unnecessary.

Recreation Center To Be Dedicated April 10

Kiwanis to Give \$200 Prizes for Soap Box Derby

DIRECTORS DECIDE TO AGAIN SPONSOR YOUTH EVENT IN OCEAN BEACH

Ocean Beach Kiwanis club this year will again sponsor the soap box derby like the one that scored a signal success here last year. Decision to that effect was reached at the March directors meeting, held Tuesday evening following the regular club session and program.

A total of \$200 worth of prizes will be offered, the directors decided. Also the plan is hooked up with the downtown annual derby, again giving the winners here the chance to compete both in the city contest, and in the national, should they win in the city derby. Last year, an Ocean Beach entry downtown, Gilbert Klecan, went on to win the national derby at Akron, Ohio.

Last year the local derby was held on Newport Ave. while this year there is talk of using Santa Monica Ave.

Plans for the big youth event are in the hands of the Kiwanis boys and girls committee, consisting of Jack Stevenson, chairman, and Glen Cords, Bill Morlin and Tom Plant.

Date is yet to be selected, but likely will be early in the summer as soon as the contestants have had a reasonable time in which to make their soap box racers.

Entertain Basketball Team

At the dinner and program, the club entertained the basketball team of Point Loma high school, and Coach Don Clarkson. Sound movies of last year's World series baseball games were shown by Jack Whitman, field man for the San Diego Area Boy Scouts council. He used the projector bought recently for use of the Scout troops of San Diego, in which purchase the local Kiwanis participated.

Azure Vista Housewife SAVES SONS FROM FIRE

Mrs. Bertha Posk of 719 Cordova St. was the heroine of Ocean Beach last week when she saved the lives of her two sons, Anthony, 10, and John, 3, in a flash blaze which nearly destroyed their home in Azure Vista. The fire, caused by the ignition of accumulated gas from the kitchen stove, was sudden and could have been disastrous but for the quick thinking of Mrs. Posk who ran to her sons' room and lowered them through the window to safety.

Ocean Beach Scientist Writes About Little America; to Stop in Australia Before Return

R. U. F. Hopkins of 1669 Sunset Cliffs Blvd., radar and electronic specialist, who is with the Byrd Antarctic expedition, is expected to arrive in Melbourne, Australia, on March 14, according to word received by Mrs. Hopkins this week. Mr. Hopkins is on board the U. S. S. Currituck which will stop in Australia en route home from the Antarctic continent.

Mr. Hopkins will go from Melbourne to Chippendale, where he will confer with Australian scientists regarding the data obtained in Antarctica. He will return to the States some time in April. In his letters regarding the expedition, Mr. Hopkins has emphasized the success of the mission, especially in chartering the little-known coastline and interior of the southernmost continent. He reports that the Currituck has had a trouble-free voyage, although an exciting one. Shortly before they started the return trip, the Currituck went to the aid of the U. S. S. Mt. Olympus which was menaced by icebergs and in danger of being caught in the first ice of the approaching

NEW \$100,000 BUILDING TO BE TURNED OVER TO SAN DIEGO CITY "AS IS"

The new \$100,000 recreation center building for Ocean Beach, located on Santa Monica Ave. near Ebers St. will be dedicated to the use of this community on Thursday evening, April 10. Decision to that effect was reached at a meeting of the executive committee consisting of Mrs. D. C. Muchmore, R. E. Reed, Harry Masters, Milton Lancaster and Mrs. Warren Mead, held Wednesday evening at the Muchmore home on Tennyson St.

Announcement was made at the meeting that the new building is to be turned over by Contractor F. E. Young to the city "as is," without waiting for the permanent hardwood floor. Such flooring seems to be out of the question at this time. All other work on the structure is now completed except for a few minor items, the committee was informed.

To Invite High Officials

High officials of the city, including Mayor Harley Knox, will be invited to the dedication and every effort will be put forth to make April 10 a "red letter" day for Ocean Beach, the executive committee reports.

Special opening programs for the center also are planned for the Elementary school children and the teen-age groups of the local area.

Junior Women Take Over Lauderdale's Thursday, March 13

A new idea in the way of obtaining club funds will be tried out in Ocean Beach next Thursday, March 13, when the Ocean Beach Junior Woman's club will take over Lauderdale's Juvenile Shop for one day. The representatives of the club will have charge of all sales for that day and a percentage of all profits will be turned over to the club treasury.

The Junior Woman's club will use the money for the various projects and charities on which they work and to which they donate. Mrs. Ormal Sprungman and Mrs. Lawrence Tokar will act as salesladies for the day.

This date also marks the first anniversary of the purchase of the Juvenile Shop by Mr. and Mrs. J. B. Lauderdale. In celebration of this event, the Lateraldaes will serve free refreshments to all customers.

Mr. and Mrs. Joseph Kaufhold of Gardena, Calif., and Mrs. Charles Reidland of Chicago, Ill., arrived on Saturday, March 1, for a visit at the home of Mr. and Mrs. George Tamm at 4558 Bermuda Ave.

winter, which reaches Little America in the spring and lasts until late fall.

Mr. Hopkins reports that the cold was not extreme and not especially uncomfortable except in the wind. He gathered considerable weather and radar data in the Currituck's helicopter which enabled him to study the coastline firsthand. The ship itself was well heated and Mr. Hopkins reports that life aboard ship was comfortable and congenial. Along with other landlubbers, he was initiated into the Order of Neptune upon crossing the equator on the trip south.

The scientists aboard ship organized the Gold Penguin club, of which Mr. Hopkins is a charter member. To prove they had "been there" for sure, several of the men are bringing live penguins back with them. Another interesting report by Mr. Hopkins is that he was able to pick up many radio stations all over the world on his receiver when the ship was in Little American waters. He plans to inform these stations that he received them when he returns to Ocean Beach.

**R. J. Nicholson New
Manager of Mailway
Bookkeeping Firm**

At a recent meeting at the Mailway Business Service, an Ocean Beach accounting and business firm located at 4815 Newport Ave., a reorganization took place of the American and International Business Service Co., Inc., holding corporation which controls Mailway stock.

The new officers are: president, Deacon W. Smith; vice-president, Joseph J. Ryan; directors, Anthony De Pietro and Eugene A. Horton; secretary and treasurer, R. J. Nicholson. Mr. Nicholson has also assumed the duties of general manager and announces he will direct all activities of the organization in the future.

Mr. Nicholson is married and lives at 2709 Teresita St., in East San Diego where he owns his own home. He has been a resident of San Diego since 1943. As a GI in World War I he was stationed at Camp Kearney for a time and has been in touch with San Diego and its problems ever since. His wife is a member of an old-time San Diego family. Mr. Nicholson is a member of the American Legion, the Masonic Lodge, San Diego Elks and other organizations. He has a background of public accounting over the past 28 years, both in Southern California and the San Francisco Bay area where he was at one time auditor for the western division of Graham-Paige Motors.

Mr. Nicholson also announces the addition to his staff of the services of two accountants, both well versed in public accounting work. He reports "the organization is prepared to extend a well rounded service covering every phase of a business man's needs."

Local Housing..(Continued from Page One)
shortage that already exists here," and which, he predicted, "would remain acute for several years to come, based on the present record of home construction in this area."

He stated his belief that a large majority of the Azure Vista families, none of which is paying a higher rent than \$30 a month, cannot afford to pay the high rents now being asked in San Diego, nor can they afford to buy or build a two-bedroom ordinary residence at the average prevailing price of \$10,000. He said that "San Diego is the only city of its size in California that does not have a local housing authority. Thirty-three cities in this state have set up such housing authority."

He said he understood a private investor had offered to buy the project from the government at 25 cents on the dollar, which disposition of the project he felt would be a decided mistake.

A better plan, he believed would be to work out some practical form of mutual home ownership plan.

In the discussion that followed his talk several of the audience joined in.

Steven Young, president of the Mission Bay Chamber of Commerce, suggested that a study be made of the problem to what practical solution might be offered. He pointed out that if the Azure Vistas hoped to rent homes at the rental they are now paying or to build or buy at much less than the prevailing \$10,000 figure that they are "just whistling in the cemetery." Present high costs of construction will not permit landlords to rent new houses at any such low rental, he said.

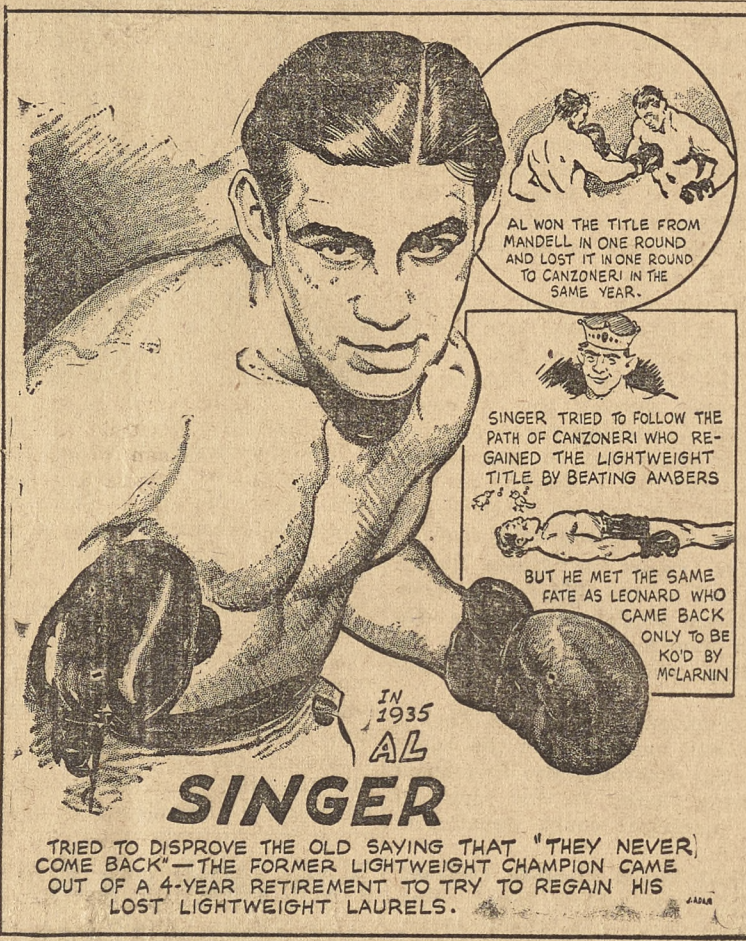

H. B. Hollobaugh, local business man, who said he was one of the first residents of Azure Vista project when it was established, said he also hoped that some workable solution of the problem could be decided on as he like the others there greatly hoped that they would be able to continue living in Ocean Beach.

At conclusion of the discussion, a motion by Richard Hilmen passed, asking the C. of C. directors to take the matter under advisement and see what can be done toward a satisfactory solution. Hilmen, who is vice-president of the C. of C., indicated that the directors would give the matter serious consideration.

At the business session, several reports were given. Milton Lancaster announced the new plan being put into practice in the C. of C. of having a calendar of regular meetings of the various committees of the organization set up. Harry Masters of the Civic Affairs committee, announced that a meeting of the executive committee of the new Community Recreation center would be held Wednesday, at which decision would be made on the date and plan for a dedication and opening of the structure. He also pointed out that use of the building would be first and

foremost by the youth of the community.

Report on Flying Field

Chairman J. J. Richardson of the model plane flying field committee had visited the proposed field in Collier city park. He said that the Ocean Beach Supply Co., sponsors of the venture, already had begun grading the field and said he believed that the location was well suited to the new project.

Chairman Arnold Mors of the Community Activities committee announced that his committee would soon prepare a program of the various community events contemplated for 1947 for Ocean Beach.

Mrs. C. W. Early, immediate past president of the Ocean Beach Woman's club, attended the meeting, representing the club, and was called on for a brief talk. She emphasized that the women stood ready to cooperate in civic work for the betterment of Ocean Beach.

The meeting closed with the showing of an official Navy sound film on the atomic tests at Bikini island in the Pacific last summer. Robert Horn of Ocean Beach operated the projector.

Mrs. W. S. Kidwell of 4752 Voltaire St. returned on Sunday, March 2, from a seven-week vacation in Wichita, Kans., and Ada, Okla., where she was visiting with relatives. Mrs. Kidwell said she saw plenty of snow in Wichita.

"...I do not believe any business, particularly in a growing State like California, can intelligently make a budget three years in advance. Neither can the Legislature, intelligently and fairly, appropriate money more than two years in advance."

GOVERNOR EARL WARREN *
October 8, 1946

YES,

THE OIL INDUSTRY BELIEVES IN...

SUPER HIGHWAYS

SAFE HIGHWAYS

GOOD ROADS AND MAINTENANCE

BUT..

It isn't necessary to increase the State gasoline tax NOW to accomplish this program.

All major improvements in California highways for the next four years, including the next fiscal year, can be financed out of available revenues and still leave a surplus in the State Treasury. This has been shown by figures furnished by competent highway engineers.

The advocates of an immediate increase in the State gasoline tax base their arguments on a 14-YEAR STATE HIGHWAY PROGRAM.

No one can intelligently predict a State's needs that far in advance (see press statement above).

So, before the State increases the gas tax — thereby stockpiling additional millions of YOUR MONEY — we believe that the State should show you that a specific need for your money exists NOW.

YOU HAVE A RIGHT TO KNOW.

Right now the California Legislature is considering this increase.

WHAT YOU CAN DO:

Write NOW to your Assemblyman and Senator telling them you want to know more about the need for your money before your gas tax is increased!

A penny postcard will do it. Do it now, while you're thinking about it!

* Statement accredited to Governor Warren in the press of October 9, 1946, supporting annual sessions of the Legislature.

Local Bowlers Time
For Play in State
Tourney Announced

(By Mrs. George White)

Schedule of play for the Ocean Beach women bowlers in the state tournament to be held at the Tower Bowl alleys March 21 to March 30 was announced this week, as follows:

The Handley's Camera Exchange team and the "High Five" team are listed to roll on Friday, March 21, starting at 9:30 p. m. The Family Barber Shop team, Sunday evening, March 23, at 7 o'clock.

The Veda Moss team and the Ocean Beach Bowl team, both Tuesday, March 25, starting at 7 p. m.

An effort is being made to enter additional teams in the state tournament from Ocean Beach, to be called "Booster" teams. The cost is \$10 per team, and those interested are asked to contact Mary Hamilton at B-3689.

The local bowlers have been told that scorekeepers are sorely needed for the state tournament since there are 28 plans that will be kept in action during the tournament play.

The 12 "high" women bowlers of San Diego will play a 10-game match starting next Monday night at the Tower Bowl to decide who is to play the out-of-town champion in the tournament.

A good opportunity for the women legklers to get instruction is being provided at the Ocean Beach Bowl on Fridays from 11 a. m. to 2 p. m. when Dixie Ticknor provides the hints on the "right way to bowl."

At a pot luck dinner to be held by the St. Annes circle of the Trinity church on March 12 at 12 noon in the Wallace hall plans will be made for a "White Elephant" sale to be held March 27.

Mrs. Mollie Voss of 4836 Del Monte Ave. is convalescing at the home of Mrs. Simler in San Diego. She was taken ill January 20. Mrs. Voss has been with Mrs. Simler for a week and plans to remain at least a month.

Mr. and Mrs. Connie M. Horton of 2121 Sunset Cliffs Blvd. have chosen Sheila Lynn as the name for their baby daughter, who was born Feb. 18 in Quintard hospital. She weighed 6 pounds 14 1/2 ounces at birth.

Michael Richard is the name chosen by Mr. and Mrs. Gomer S. Thorpe Jr. of 4947 W. Point Loma Blvd. for their son, born Feb. 8 in Mercy hospital. Michael weighed 7 pounds 12 1/2 ounces at birth.

The Golden Text of the Sunday Lesson-Sermon on "Man" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, is chosen from Romans, "As many as are led by the Spirit of God, they are the sons of God."

It is recorded in Matthew's Gospel that "one came and said unto Jesus, 'Good Master, what good thing shall I do, that I may have eternal life?' And he said unto him, 'Why callest thou me good? there is none good but one, that is, God; but if thou wilt enter into life, keep the commandments. . . . The young man saith unto him, All these things have I kept from my youth up: what lack I yet?' Jesus said unto him, 'If thou wilt be perfect, go and sell that thou hast, and give to the poor, and thou shalt have treasure in heaven: and come and follow me.'"

In the Christian Science textbook, "Science and Health with Key to the Scriptures," Mary Baker Eddy writes: "We cannot 'serve two masters.' 'Having no other gods, turning to no other but the one perfect Mind to guide him, man is the likeness of God, pure and eternal, having that Mind which was also in Christ.'"

Candidate Hastings
Says Fishing Pier
Should Be Finished

Speaking at the Unitarian church downtown Monday night Edgar F. Hastings stated that he "was largely instrumental in getting San Diego's water allotment from the Colorado river in 1931, also the Palomar observatory, the Civic Center building and many other benefits."

"We should complete the half finished fishing pier at Ocean Beach and the Mission Bay project as soon as possible," he said. Other highlights of his talk were: "People with fixed incomes whose buying power has been cut in half by the raise in prices cannot afford to pay more taxes."

"Washington informs us that the Federal budget is more than the cost of the food bill in the United States. If one adds to this the state, county and city taxes, it costs more to be governed than it costs to live."

"Old folks pension relief is \$55 a month per person. The tax bill is more than twice that per capita."

"We wonder why it is so hard to get ahead. After the payroll is robbed, the hidden taxes absorbed, and the visible taxes paid, there is little left to save."

Woman's Club Scene Of Local Arts and Crafts Exhibition

(By Marian Kretzler)

A brightly uniformed drum majorette seemed ready to wield her tiny baton. "Susie, the Laughing Cat," duplicated her nearby picture. "Mei-Ling," Chinese princess, arched her delicate eyebrows above a lovely face. Irish lads and colleens, dainty Chinese children and even the precious cherubs regarded their admirers with sunny, animated expressions.

These little people were just a few of the figurines representing the artistry of Mrs. James E. Hollycross of 4475 Niagara Ave. and shown at Friday's hobby show, sponsored by the Arts and Crafts department of the Ocean Beach Woman's club.

Unlike the usual ceramic figure, unfinished from the rear, every specimen shown on the several Hollycross tables bearing her signature "Celeste" was complete from every angle.

On being asked how she obtained such lifelike expression and bright colors, Mrs. Hollycross explained that she works with plasticene, a slow-hardening material. After the figure is removed from its rubber mold, she

Point Loma High School's Yearbook Wins Top Honors

Point Loma high school recently received word from the National Scholastic Press association that the 1946 edition of the annual yearbook "El Portal" won top honors. This All-American Critical Service awarded the annual with the highest honor "All-American Honor Rating." In the summary and evaluation of the book the judges commented: "A fine book with the art work of a professional calibre." The book was given particular comment on the excellent use of color in the layout of the annual.

The editorial list of this honor annual included the following seniors in the 1946 class: Managing editor, Ann Caraway; literary editor, Virginia Wiggins; business manager, Lorraine Cardoza; circulation manager, Kathleen Birdsall; co-art editors, Irene Kimball and Rita Strickman; art staff, Allie Lou Estes, Ann Peckham, Carolyn Fintzelberg, Jean Aubin, Sheelagh Hanna and Betty Timmons; literary staff, Stuart Wilson, Romay Flesia, Adelle Kissinger and Wallace Rick.

Faculty staff in supervision included Miss Willa B. Brodie, art; Miss A. Bess Clark, literary; Mrs. Margaret Christianson, business, and Tom Walt, photography.

Woman's Club Plans

(Continued from Page 5)
has time to model and color the features and make such corrections as desired. Firing is unnecessary, hence colors are unfaded.

There are many interesting stories behind the Celeste Hollycross figurines. Some were inspired by magazine pictures and the resulting ceramics drew high praise from editors, whose letters were also on display. Mrs. Hollycross seemed especially interested in her drum majorette, the lifelike modeling of her niece, Marilyn Ann Taliaferro, drum majorette at Point Loma high and leader of the Scit parade at its recent San Diego convention.

Wood Carving Displayed

With a penknife and colors, Ray Koob carves his wooden cowboys and Indians, also displayed at the show. They were notable for perfection of detail and excellent facial finish. He should find a splendid market for his wares in gift shop trade, where the purchaser is seeking the unusual and authentic.

Jimmy Godwin's interesting caricatures also were carved from wood. Since some were fashioned during his stay on Okinawa, they naturally dealt with uniformed personnel, including those riding around in jeeps. Jimmy likes animals too. His post-sniffing canines were amusing, and we especially liked, "Open the Door, Richard," where a hunting dog pursued a fox into a stump and br'er fox peered from a hole on the farther side.

For those having an antipathy to ceramic creatures with sections of their anatomy removed for the insertion of posies, and for representations of human beings with bland, doll-like faces, the exhibit of Friday last was a revelation of what can be done with the seeing mind behind the skilled hand.

Mrs. V. P. Berry of 4806 Newport displayed the daintiest place and tally cards, each with a tiny flower motif. Beautiful combs and brooches ornamented with local materials emphasized her versatility.

The beholder wondered how such ordinary materials as wee shells and fish scales could be fashioned into the lovely brooches and earrings as those shown by Mrs. O. C. Lamber of 1922 Sunset Cliffs.

A crocheted "Humpty Dumpty" sat flatly on a mat of colorful embroidery, but no card indicated the originator. Just the same "Humpty" had many admiring glances cast his way.

Much credit is due the Arts and Crafts section of the local Woman's club in giving Ocean Beach residents the opportunity for the work of outstanding home artists. Mrs. Hollycross, for example, sells on order to eastern firms, but many attending Friday's showing were busy securing "Celeste" figurines for their own collections.

From ceramics and wood carvings to party favors and costume jewelry, the hobby exhibit proved that in seeking for the unusual and beautiful the purchaser need look no farther than Ocean Beach.

Many Awards Made

(Continued from Page 1)

Frank Pearce received the two stripes of Denner.

Transfers to the pack included James Joslin and Robert McGovern. Those having birthdays during the month were Robert Reif and Jimmy Gobel. Stars were given to Richard Hebert, Vern Lee Quillen, Lowell Smith, Andrew Travers, Norman Travers, Errol Plaisted, Norris Sheare and John Johnson.

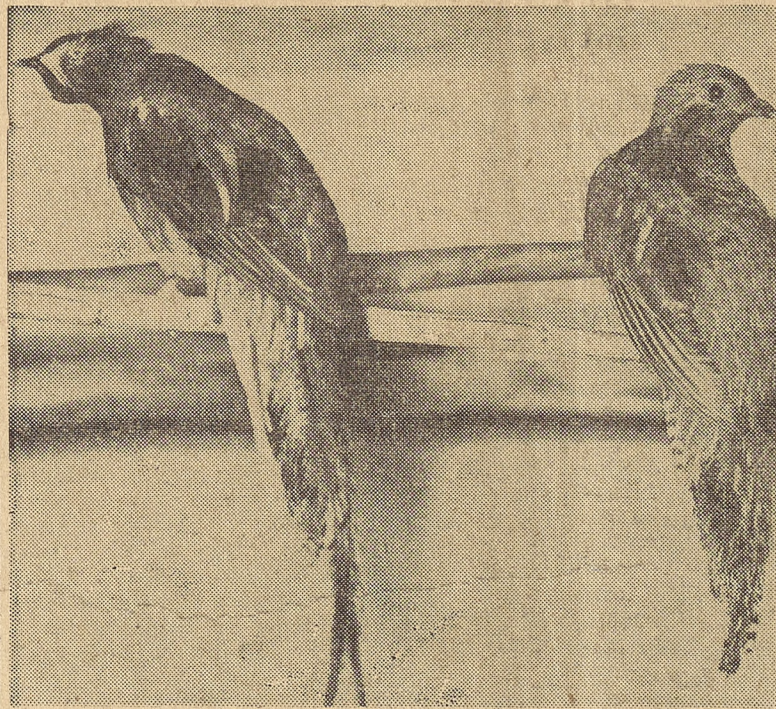

Boy Scouts of Troop 28 who are den chiefs are Donald Vose and Verlen Miller, both of whom received the Warrant and Shoulder Cord.

An outstanding feature of the evening's entertainment was a colored sound movie. Entitled "Portage" the movie depicted the river travel of the Canadian Indians, how they construct their canoes, navigate rapids and other information of interest to Scouts. A colored cartoon topped off the evening's entertainment. The movies were provided by Russell Warren of the Kiwanis club.

Several Boy Scouts of Troop 28 attended the latter part of the meeting. R. S. Bell, commissioner from Scout headquarters, was present for the yearly review and inspection of the Pack. Also in attendance were Milt Lancaster, Pack chairman; R. Sherwood, Pack treasurer; and Carleton Bingham, Bob Allen, R. Chadwick and F. J. Tucker, all officials of Troop 28.

The Pack committee requests that the following appeal be published: "We urgently need additional Den Mothers to aid in Cub Scouting work. We have many boys wishing to become Cubs but all dens are now full and new dens are needed to take care of new Cub Scouts. Interested mothers are asked to contact Rev. Philip Harris, Milt Lancaster or Glen Smith."

RARE QUETZAL PAIR NOW AT ZOO

Symbolic of ancient Aztec power, a male and female quetzal are now on display at the San Diego zoo, having just arrived from Costa Rica. The birds can be seen on the bird mesa, just west of the cafe entrance. These birds are seldom seen in native haunts, and are therefore very rare in zoos. Take cars 7 or 11 to the zoo, which is open daily.

my
home

No housing problem for me.

I've got a place to live... for years. This is it.

This wheel chair, supplied—along with the finest of medical care, food and nursing—by the U. S. A.

It's all mine, free, in exchange for services rendered at some places I'd rather forget.

It could be a lonesome little home—so lonesome—

But your Red Cross helps keep it cheerful!

The Red Cross, working under direct supervision of Army, Navy, and Veterans hospital authorities, brings me music, games, books...

writes for me the letters that I can't write myself...

keeps me in touch with my family and friends back home...

helps me to dream, to hope...

PLEASE: Keep the American Red Cross visiting my home. Give, so that the Red Cross will be able to help whenever and wherever human beings are in trouble: in veterans hospitals, in servicemen's camps and bases—at home and overseas, in disaster-stricken communities, in your own neighborhood.

GIVE—so your RED CROSS can carry on!

Our Goal:
Make Ocean
Beach Art
Center of
Pacific Coast

The San Diego School of Arts & Crafts is operated and maintained by men and women who have not only chosen Art as their profession but who have, at various places in America and abroad, indicated their competency by having their work acknowledged at both public and private exhibitions. In this respect, the School considers the teaching, encouragement, and consequential furthering of Art and allied subjects to be its foremost objective.

While remaining in strict keeping with

these academic yet democratic principles, there is extended a warm welcome to all students, regardless of age, sex, or creed, who, having the earnest desire to receive professional instruction, wish to properly develop whatever latent talents they might possess; or those others, having already attained or partly attained in their artistic pursuits, wish to further their study or extend their study to include another branch.

It is under this tradition that Director Orren R. Loudon first founded the School and thereby anticipated its success.

LOCATION

The San Diego School of Arts & Crafts is ideally located in the heart of Southern California's picturesque vacationland. While only two and a half hours drive to Los Angeles and ten minutes to San Diego, all types of scenery, extending from the barren desert of the Imperial Valley to the lofty, snow-capped tops

of the Pacific Coast Range, are within a few hour's reach.

The School's buildings are erected at the very crest of the ocean in the tranquil setting that embraces the small community of Ocean Beach. It is here where a year-round, semi-tropical climate combines with the gentle spray of the Pacific to render natural inspiration to both artists and students.

FACULTY

The School is very proud of its faculty. Each instructor has proven himself well worthy of the subject he teaches. The new student will find helpful and understanding aides abundant in the comfortable atmosphere that prevails.

Because the School is, primarily, in its infancy, new courses and new instructors are added in accordance with the ever-increasing demands of our modern society. The most recent of these are the courses in Short Story Writing, Radio Writing, and Mystery Writing. Techniques which will be conducted by Craig Rice, esteemed as America's most popular writer of contemporary mystery stories, both of the screen and radio.

Members of the Arts & Crafts faculty include:

ORREN R. LOUDON, Director and Instructor in Landscape & Portrait. Educated in George Washington University of Washington, D. C., and later at Corcoran School of Art, Santa Clara University, and Europe; Member, Art Students' League of New York; one-time student of Frank Vincent Dumond, George Bridgman, George Luks, Thomas Hart Benton, George Nicolaides, George Elmer Browne, Allen Tucker, William C. McNulty, James E. Lamb, and John Stuart Curry. Mr. Loudon has had several one-man exhibitions of his paintings in New York City and Washington, D. C.

Y., Asst. Art Supervisor at Kemper Hall, taught at St. Steven's School of San Diego; Member, Art Guild of San Diego and Art Center of La Jolla. Lahey of the Corcoran School of Art, Morris Davidson, and Cameron Booth. Her work in murals has been celebrated nationally, being well represented in many private dwellings as well as both public and government buildings. She is the 1931 winner of the Clyde M. Carr prize at the Chicago Art Institute and elsewhere her exhibits have been in the prize-winning class.

THELMA UNDERHILL, Instructor in Life Portrait, and Crafts. Educated in the University of California at Berkeley and later at the Village School of Art in San Diego. She is a student of Henry Richer, Valentine Fanshaw, Douglas Donaldson, and Mambert; many of her illustrations have been published.

Educated in Louisiana State University and Louisiana Polytechnic Institute; later at Los Angeles Art Center; worked with William Mortison at Laguna Beach; has established for himself a remarkable record in professional photography throughout Southern California.

CRAIG RICE, Instructor in Short Story Writing, Radio Writing, and Mystery Writing Techniques. Miss Rice has achieved success in radio, novel, and newspaper writing. She has experienced the disappointments and the triumphs that can usually be anticipated by any aspiring writer of high determination. It was, in fact, not long after Miss Rice's innumerable attempts at writing poetry, novels, and music, that she conceived the idea of writing a mystery story. Which conception has, in the course of only a few years, resulted in Hollywood contracts and fifteen top-selling books. The name Craig Rice is now listed with the best of America's living writers of mystery books and radio script.

Artist Jno. Hooper Reports Mazatlan Tops for Painting

"I was principally interested in painting color, when I went to Mexico, and I found plenty of it," says Artist John Hooper recently returned from a month spent in Mazatlan in the state of Sinaloa, Mexico. To say that he painted avidly to reproduce this color, on his canvasses would be an understatement since in the month he was away, from January 12 to February 13, he completed 18 canvasses and started five more. He took 55 pounds of paints with him and returned with most of it on his canvasses. All of these oils, on display at his home at 4418 Algeciras St., reproduce the fantastic yellow, green, red and blue he saw around him. The canvasses are to be shown at the June exhibit in the library gallery in La Jolla along with his paintings of the hills around Otay, Calif.

Hooper went to Mazatlan by air since he says it was cheaper that way considering the other possibility, by water. He found it an amazingly scenic trip with a clear view of the gulf of California the whole way down. In Mazatlan he found accommodations at the Bel Mar hotel overlooking exotic houses of light blue, purple, red, yellow and green pastels. He likened the narrow streets in the towns of Sinaloa to the French quarter in New Orleans, the small colored shacks having the same iron grill work on the windows. The uneven streets presented slowly moving scenes filled with little burrows, long-haired Indians, goats, pigs, chickens and half-naked children.

He says that the long-legged wading birds in the azure lagoons are a sight worth the trip alone and volcanic cliffs jutting out in the water are unbelievably scarlet. Even the fish one sees in the clear water add their share of color.

As one might guess from the amount of work he accomplished, the artist painted from sun-up till sundown every day and a typical day went more or less like this: He arose at daylight, stocked up on a good supply of beer and bananas (the water and fruit are unsafe) and met the arana driver (aranas are small two-wheeled carts pulled by a horse). The driver took him to the bay where he met the dugout owner. The dugout was an item of interest in itself, being hewn out of an

immense log of mahogany and just big enough to carry the heavy load of equipment the artist carried with him on these trips. Hooper says he then made sure of being picked up by the arana driver in the evening by refusing to pay him until he was safely home again. After haggling over the price with the dugout owner they took off, paddling some six or seven miles out to an island location. From there, he often walked several miles unless it was in the hills, and then he obtained one of the many small burros for the trip.

About his starting to paint the artist says, "It takes three or four days just to get used to the profusion of color and then you just discard all you have ever learned about mixing paints and start out from scratch." Of the scenes he saw around him he says, "it was just like living inside the pages of a National Geographic magazine." Of the natives he tells this story: "Once I was busily painting in the hills when I turned from my work abruptly at a crackling in the brush behind me. There stood a solemn-faced native looking at my canvass. 'Pintar' he muttered and flourished a dangerous looking machete (a long sharp knife). I shuddered, thinking this was the time for me as well as my canvass to be slashed to ribbons. He merely scurried up a tall coconut tree and brought two of the milk filled fruits down and together we shared the refreshing drink."

From what the artist says this is another instance of the graciousness shown by the natives toward "senor pintar."

On his return to the hotel in the evening he says he sat resting in the patio and listening to the village "Sinatras" serenading their señoritas to the accompanying plunk, plunk of guitars.

We have all heard frightening tales of the horrible sea constrictors in that part of the world but according to Mr. Hooper his experience with them amounted to the two tame ones living at the hotel in Mazatlan, sleeping in a drawer in the kitchen, and riding the place of rats for their keep.

The artist returned so filled with enthusiasm for that section of Mexico with which he became familiar that he says he plans to return next year, taking Mrs. Hooper and their two small sons next time and spending at least six months.

CARL'S ANTIQUES TO HAVE OPENING MONDAY, MARCH 10

Another opening for a new Ocean Beach business will be recorded Monday, March 10, when Mr. and Mrs. Don Carl unlock the doors of their new antique shop. This establishment, to be known as Carl's Antiques, will feature antique furnishings, lamps, bric-a-brac, and other old and valued items.

Mr. and Mrs. Carl have been Ocean Beach residents for nearly 30 years. They are now living at 4722 Bermuda Ave. Recently they were in business in East San Diego but they have been anxious to move their activities to Ocean Beach and are now taking this opportunity to do so.

OCEAN BEACH SCHOOL NEWS

A new radio program, "An Invitation to Spanish," is a feature of KVOR, from 5 to 5:15 each afternoon, Monday through Friday. Children of the intermediate grades who are studying Spanish under Miss Elizabeth Solomon are finding the subject even more absorbing than before. Families may care to listen together, and to follow the textbook, for sale at bookstores, "An Invitation to Spanish" by Marguerita Madrigal. The program, directed by Mrs. Margit MacRae, teacher-coordinator of Elementary Spanish in the San Diego City schools, uses her own family, her mother, a college son, Eric, and 9-year-old Margit. The material centers around a trip to Mexico. Repetition helps to fix pronunciation, and to aid anyone who listens to the broadcast. March 3 is the date the program started.

Miss Frances Johnson, in her second grade's study of the harbor last week, took her group to visit the Old Spanish Lighthouse. This point furnished an excellent view of the San Diego harbor.

"The Blue and Gold," school paper, is providing a news-gathering experience for the sixth grade reporters. One service to the school is that of presenting to the teachers and children of the lower grades decisions that grow out of assembly discussions.

Charles M. Underhill of 4675 Coronado Ave. motored to Long Beach last week-end to visit his mother, Mrs. Charles Underhill Sr.

GIRL SCOUTS ACTIVITIES

(By Mrs. George White)

Cast tryouts for the pageant to be given at the spring festival were held last week Wednesday by Troop 127 of Ocean Beach. Mrs. Victor Pfeifer had charge. Directors chosen for the event are Mary Caroline Ward, Sally Shaw and Sally Stone. Book-binding is the next major task for this group.

Brownie Troop No. 112 is minus a leader now that Mrs. Harold Armour has moved from Ocean Beach. Co-Leader Mrs. Elton Berkman reports that the group is still working on international dances.

Troop 165 did not have a meeting Tuesday, Feb. 25. The girls are working on baby trays and a blanket. They had a hostess party Tuesday, furnished by Mary Dinkeller and Joan White. The dessert was cake and butterscotch pudding.

Remember the Juliette Low Friendship Fund has to be ready to go into Scout House March 22. Each Ocean Beach troop is to elect a representative and the representatives are to bring the money to the Friendship party to be held at Scout House March 22. Junior high representatives will serve as hostesses for the afternoon. This fund sent 2400 wool blankets to China and 3324 blankets, 1000 pounds of yarn and 1200 sweaters to Poland last year.

At a Girl Scout Leaders' association meeting held Feb. 27 in the Florence Burkhart Hall, Girl Scout House, plans for the spring program were discussed. A drama demonstration was presented by Mrs. C. W. Capwell and Mr. Harbinson of the Natural History museum, spoke on "Nature for the Three Age Levels." Special emphasis was placed on plans for the celebration by troops of the Girl Scouts' 35th anniversary which falls on March 12.

Mr. and Mrs. Edward Leech of Eugene, Ore., announce the arrival of an eight pound baby boy on Saturday, February 22, whom they have named Douglas Thomas. The baby is a grandson of Mr. and Mrs. E. L. Nicklin of 5060 Saratoga Ave. This is the second child born to Mr. and Mrs. Leech. Their other child, Barbara, will be 4 years old in June.

CALIFORNIA CAR REGISTRATION

The recent announcement by the California Department of Motor Vehicles showing that California vehicle registration has reached a new record high of 3,442,051 has particular significance at this time when the proposed billion-dollar, 10-year highway program is being so widely and vigorously discussed.

The existence of so many machines within the State and the prediction that the number will probably increase to 3,725,000 by the end of this year makes it evident that considerable highway construction and improvement will be necessary to adequately accommodate the rapidly rising automotive population.

But this does not mean that the enormous proposed tax increase on the motorist is necessary at this time.

Both private and commercial highway users are quite willing to pay their fair share for essential road building and improvement but none of them want to get stuck with sharply increased taxes not only on gasoline but also on registration fees and drivers licenses if the present tax rates will provide all the funds needed for some years to come. Actually, it has yet to be shown that the proposed tax boost is necessary now.

VITAMINS FOR DEMOCRACY

Social science, like medical science, needs to discover new vitamins. For democratic society today has lost the inner vitality to throw off germ attacks.

There is a sort of social torpor—a sluggish feeling—"Well, why not give up a little of our freedom if that will bring us more economic security?"

Offsetting this, but not correcting it, is a sort of social cancer—a licentious feeling—"what's the use of freedom if we don't use it to do as we please?"

To combat this phlegmatic lack of spirit on the one hand, and this cancerous or outlaw spirit on the other, we need two Freedom Vitamins:

Vitamin F-1—Freedom FROM the fear, the greed and the hate which makes us willing to trade liberty for a little more comfort or protection.

Vitamin F-2—Freedom FOR the biggest job men ever had—the job of remaking the world. Freedom from something is no good unless we use this freedom for something. Freedom from want, for instance, is mere indolence unless we use it to create the kind of world we want.

Your doctor doesn't carry these two democratic vitamins around in his bag. You can't buy them at the drug store. But you can always get them from the Great Physician. Men, throughout history, who have listened to God always have found out how to deal with the fear, hate and greed in their own lives. And how to use this freedom—not to please themselves—but to build themselves, and others, a more pleasing world.

SEA BREEZES

Let's Laff
Maybe Think

Ocean Beach landlord: "Do you smoke?"

Prospective tenant (on knees): "No."

Landlord: "Do you drink?"

P. T.: "No."

Landlord: "Any children?"

P. T.: "No."

Landlord: "Any pets?"

P. T.: "No."

Landlord: "Well, maybe . . ."

P. T.: "In all fairness to you, sir, I believe I should tell you . . . I have a fountain pen that scratches a little."

A pessimist is a man who feels that all women are bad.

An optimist hopes so.

"How did you come out at the dog race? Did your dog win?"

"No. He was left at the post."

"What becomes of baseball players when their eyes go bad?"

"They become umpires."

"See that good-looking gal across the street?"

"Yeah, so what?"

"Well, see that fur coat? I gave her that. And see that new car? I gave that to her, too. And see that little boy with her?"

"Yeah."

"Cute, isn't he?"

Father: "Don't you think our son gets his intelligence from me?"

Mother: "Probably. I still have mine."

A Negro evangelist saw a strange Negro in the back row and shouted, "Brother, don't you want to join the army of the Lord?"

"I've done joined."

"Where?"

"Down at the Baptist church."

"You didn't join the army, you joined the navy."

ECHOES OF THE PAST

(Excerpts from the Ocean Beach News of 20 Years Ago)

Saturday, February 26, 1927

Boys and girls who ride bicycles as well as other enthusiasts of the wheel world can have all their mechanical troubles promptly remedied by Carl Schroder of 4840 West Point Loma Blvd. Mr. Schroder is an expert on the repairing of bicycles and also builds and keeps radio sets in order at reasonable prices.

George Schioli of 4675 Greene St. left last week for New York City. Mr. Schioli is a chief petty officer on the U. S. S. Langley. Mrs. Schioli and children expect to motor to New York in about three weeks and Mrs. J. Campbell and son of Ocean Front will motor to New York at the same time in her car. Both ladies will do their own driving.

An old-fashioned dance and entertainment was given yesterday at St. Joseph's hall, Fourth and Beach Sts. in San Diego by the Altar Society. Among those on the committee were Mrs. George Finley of Narragansett Ave. and Mrs. Adam Kas of Castellar St. The Bungalow orchestra furnished the music.

estimated at \$10,000, reports Director Loudon.

To Ask for Bids
The architect for the Western Metals Supply, from whom the quonsets are being obtained, is preparing the plans and bids are to be called for soon as possible, with the idea of rushing the construction. The director has been informed that construction can be completed in 45 days.

In making the application to the C. P. A., Director Loudon stated that "the school has a lone list of veteran applicants for the instruction and that six members of his staff are war veterans. Loudon, himself, is a veteran and is financing the project privately. Quonset buildings have been selected because he feels that in no way does their use interfere with the veterans housing program."

Director Loudon had previously received approval of the plans from the city planning commission.

dues to \$1 a year, he pointed out that the officers hope to enroll several thousand members in the near future. Meetings will be held once a month and "we are not interested in setting up committees for handling local community civic affairs—we'll leave that to the community Chambers of Commerce," he said. "Only where the project is for the good of the Bay area as a whole will this organization act," he said.

"A few leaders in the Bay area similarly minded have joined together to reorganize the Mission Bay C. of C.," he said, "and we have assumed its leadership until such time as we are large enough to select our leaders." Young then introduced as these leaders, the following men: Wm. H. Valentine, Carl Schroder, Marshall "Red" Malcolm and Joe Beardsley, all of Ocean Beach; E. A. Kichham of Mission Beach, Steven Hunt and Robert Heatherington of Bay Park Village and Richard B. Johnson of Bird Rock, La Jolla.

Of these named he announced Hunt is vice-president and Valentine, secretary-treasurer, and the others are directors of the organization.

He announced that March 25 in Ocean Beach has been tentatively set as the date and place for the next meeting and that he had received a "verbal commitment from Mayor Harley Knox to be the guest speaker of the evening."

About 250 men attended the Feb. 27 meeting, and were treated to a smoker and to entertainment by Hollywood talent following the talks. Secretary Valentine reports that about 150 members were admitted at the meeting and that the total on the roster now is about 600.
